Yard Waste Collection: (March 1- December 24th)

Yard Waste is considered a by-product of regular yard maintenance and not the debris as a result of landscaping renovation. During yard waste season, ALL HOMES will have a weekly scheduled pick up day of the yard waste. Recycling of yard debris is mandatory from March 1 through December 24. January and February, please place yard debris out with your household trash. Composting, chipping, and mulching are great ways to recycle your yard waste.

All yard debris to be collected must be prepared accordingly and placed at the curb for collection:

- Brush and limbs must be cut into 4-foot lengths and bundled (arm-full size) with rope or twine and should not exceed 50 pounds.
- Grass clippings, leaves, and twigs can be placed in a container you provide or paper bags. Yard waste placed in plastic bags will not be collected.
- Tree stumps and tree limbs that are larger the 6 inches in diameter and 4 feet in length will not be collected.
