

Brambleton Community Association

Board of Directors 2019 Election

Harsha Sarjapur: Introductory Statement

I'm a resident of Brambleton since 2012 (7 yrs), and serving on the Covenants Committee for the 5th yr, where we have helped oversee and define the building and construction guidelines of the community and enforced the covenants policies that help maintain our home values.

I have 2 kids attending our public schools, my son (Paras Sarjapur) is a Junior at Rock Ridge HS and daughter (Pari Sarjapur) in 6th grade at Brambleton MS.

Volunteering is a choice one makes, and thanks to my wife (Anjali Hasthantra) for encouraging me to volunteer and past 10+ yrs I have volunteered at numerous events across Fairfax and Loudoun counties and communities where we resided.

As a Bram resident I've served on the Covenants Committee, volunteered at various Brambleton events (Brewfest, Fall Fest, Red, White and Bram to name a few) and wider community events like Beaverdam Clean up, Step Up Loudoun.

I engage in various county and PRCS meetings to be aware of the changes happening in our rapidly growing region. I administer Loudoun County Cricket League organized by PRCS with 1,400 playing members.

I have spent time interacting with local businesses, politicians on community discussions regarding traffic, law enforcement, schools and protecting general interest of Brambleton residents, voicing our concerns.

I served as a volunteer at Faircrest Community in Centreville housing 1,200 families with a diverse neighborhood. I helped setup Neighborhood watch program, administered by Fairfax Police & stood for being the voice of the community.

I own and operate a software consulting company that works with mid-sized businesses across the nation, working out from small office/home office it blends with the Brambleton message "Live Brambleton, Live Connected".

During my non-office hours I love to play a game of golf with friends, and vivid supporter of Capitals, Redskins and UFC games.

I would need your support to be your voice, as a resident director on the board, especially this year as we are in transition from developer driven to resident driven board.

Five Goals for Serving Brambleton

1. "Your Voice on the Board", as a resident director one of the key goals is to improve communication between the HOA and residents, facilitate a friendly, easy to work & interact with HOA staff and engage with the community.
2. Improve our digital infrastructure for the more modern world we are seeking by reviewing our infrastructure contracts.
3. Improve grounds and facilities for sports and activities, engaging kids and adults to participate, keeping us fit and healthy
4. Fostering natural elements of Brambleton, and plan to protect & improve flora and fauna across the community
5. Improve cultural activities, diversity to create a vibrant community where families feel safe, secure and happy to thrive.
