

Passion Fair

Discover your Passion

Share your passion with others through a Passion Kit!

Step 1: Choose a Theme

Choose an interesting or unique skill/hobby/passion for your kit! Be creative!

In the past, our kits had themes including origami, calligraphy, chess, Legos/architecture, painting, crocheting, dance and many more.

Step 2: Assemble Your Kit

Your kit should contain information/video links on the skill/hobby and all the supplies necessary to do the activity. You should pack everything in a quarter/half gallon Ziploc bag.

For example, a magic-themed bag may include things around the house—coins, cards and string, along with a list of magic tricks! Be creative!

Step 3: Deliver Your Kit

You may make as many kits as you like. Label each on the outside with its theme (i.e. “Magic”). Email pastateens@gmail.com for an address to drop-off your Ziploc bags. Boxes will be placed outside for collection. We will then deliver them to kids in the community!
